#### PARENT LETTERS

Dear Rotary Club,

Thank you for your hard work and dedication to he students

Thanks for helping our child grow and learn so much this year.

It is because of great programs like this that our children enjoy learning.

A special thanks to Ms. Habersham for being such an amazing teacher! Thank you for helping Jessi-ca learn and grow as much as she l this year,

Kind Regards, The Pena Family

"To whom this may concern,

Steel got to take part in the morning reading program with Mrs. Messenger. He struggled in reading and really was not fond of it, however Mrs. Messenger was able to make it fun and exciting for Steel. His reading score has gone up, I have noticed his interest in reading has gotten better too! This is a great program. I want to thank Mrs. Messenger for taking the time out of her mornings to help the kids that are struggling. You have made a big impact in Steel's life!"

Thank You,  
Katie Tyler

---

"Rotary Club,

Thank you for your sponsorship and dedication to increasing education in our young generation. These kids are gaining the extra help that they need thanks to you and your sponsorship."

Thank you,  
The Johnsons

---

"Dear Rotary Club,

I'm so grateful that you sponsored the tutoring this year. I've seen a major improvement in my son's academics as well as his confidence in class. He also enjoyed working with Ms. Habersham especially after his class was split up. I hope you will sponsor this again next year."

Sincerely,  
Monique Moore (Kaleb's Mom)

## TEACHER COMMENTS

### **Mrs. Honaberger-Maggie Cordova Elementary School- 3rd Grade**

"... Looking forward to future years, I am hoping to tutor more students who can pop the bubble and move forward just like JW and AC did. With the last couple of years the way they have been due to OVID and the learning environments, I am hopeful that we can get back on track with the students and their learning. Overall, this year was another successful year of tutoring. I love that I am given the opportunity to tutor some of my own students and see their growth throughout the year.

I appreciate the opportunity to help my students grow through the Rotary Club Tutoring."

---

### **Ms Julie Evans-Sandia Vista Grande Elementary-3rd Grade**

"... Some of our activities we focused on were mapping sounds with chips and magnets, word making games, word ladders and short reading comprehension tasks. Three of my students had great growth reflected on their NWEA cores, 1 student did not show growth on his NWEA, however on his IStation, he showed good great growth. Overall, my after school group bonded with each other and enjoyed working with this group of students.

### **Bernedette Armstead-Cielo Azul Elementary School-4th Grade**

“... Looking forward to future years, I am hoping to tutor more students who can pop the bubble and move forward just like JW and AC did. With the last couple of years the way they have been due to OVID and the learning environments, I am hopeful that we can get back on tract with the students and their learning. Overall, this year was another successful year of tutoring. I love that I am given the opportunity to tutor some of my own students and see their growth throughout the year.
